

DSLR Course

This course is ideal for newcomers to the world of digital SLR photography or anyone coming back to photography after a few years. You'll soon be taking more creative shots as you gain a thorough understanding of photography basics, terminology & techniques. Get a solid understanding of your camera's modes and how to use them to your creative advantage. This course is a happy mix of theory and practical. While having fun, you will learn to achieve effects such as minimum and maximum depth of field, selective focus, frozen action, blurred movement, artistic lighting and effective composition.

Location: The New Camera House

Time: Tuesdays, 7pm until 9pm

Cost: \$199.00
