

A close-up photograph of a person's hands holding a black DSLR camera. The camera's LCD screen is visible, showing settings like 'S 1/1000', '3200', and '12:31'. The background is a blurred classroom or workshop with other people and desks.

# 5 WEEK DSLR COURSE

**IDEAL FOR NEWCOMERS TO THE THE WORLD OF DIGITAL SLR PHOTOGRAPHY OR ANYONE COMING BACK TO PHOTOGRAPHY AFTER A FEW YEARS.**

The New Camera House 5 week course runs on a Monday night with the group size being a maximum of 8 people. Over the 5 weeks we cover a range of subjects including metering, shutter priority, aperture priority, ISO sensitivity, focus modes, white balance and composition, as well as a number of other areas. The course is split in to manageable sections with plenty of practical exercises (homework) to make sure that the theory is sinking in. Cost is \$249.
